Progetto

Il curriculum di *Media Education (ME)* rappresenta un patto educativo scuola/famiglia e nasce dall'esigenza di preparare i nostri alunni alla graduale acquisizione delle **competenze medial** - lettura, scrittura, fruizione, critica e cittadinanza - necessarie ad affrontare i nuovi territori legati alla socializzazione e alla conoscenza. Televisione, Internet, cellulari, videogiochi, etc... sono parte integrante della loro "dieta mediale", ma chi li prepara a un uso cosciente e consapevole dei nuovi strumenti della comunicazione?

→ Scegliere l'educazione ai media significa raccogliere una sfida fondamentale, ovvero quella dell'**alfabetizzazione integrale**, riconoscendo concretamente di voler affiancare ai saperi tradizionali - leggere, scrivere e far di conto - anche l'**empowerment** necessario per crescere nella società della conoscenza.

Obiettivi Formativi

- Sviluppare le **competenze** necessarie a fruire in maniera critica e consapevole dei media
- Collaborare con i compagni di classe per fornire il proprio contributo personale al raggiungimento di un **obiettivo comune**
